

The Ultimate
AI PC SOLUTION
WITH AMAZING PERFORMANCE
ON GREEN TECHNOLOGY REVOLUTION

SMARTSTATION MINI PC BENEFITS

AI PC has many advantage over the desktop computer and laptop and hence should be he choice if you are planning to buy a new PC or replace your old PC

SIZE: AI PC takes up very less space of your office desk. You can also fix it behind Monitor screen hence it will not take any space at all. You can use work space much more efficiency.

Min PC are small, lightweight and very easy to carry.

Economic Cost: Every business and startups want to use their budget effectively. It is not only less price but it can save other expenses like electricity bills, IT maintenance cost ETC... AI PC are the best money saving devices one should use for the operation.

Green Computing: AI PC consume very less unit of power and hence saves electricity and unnecessary expenses helping you in cost cutting the average power.

Maintenance: Most the AI PC are very well designed and consume less energy and they do not face much of overheating problem.

Protection from dust and dirt: AI PC have everything is on board and permanently fixed on the motherboard itself and hence it is safe from the dust and dirt.

Very Low Cost

Ultra Low Power

Better Performance

Secure

Power Saver

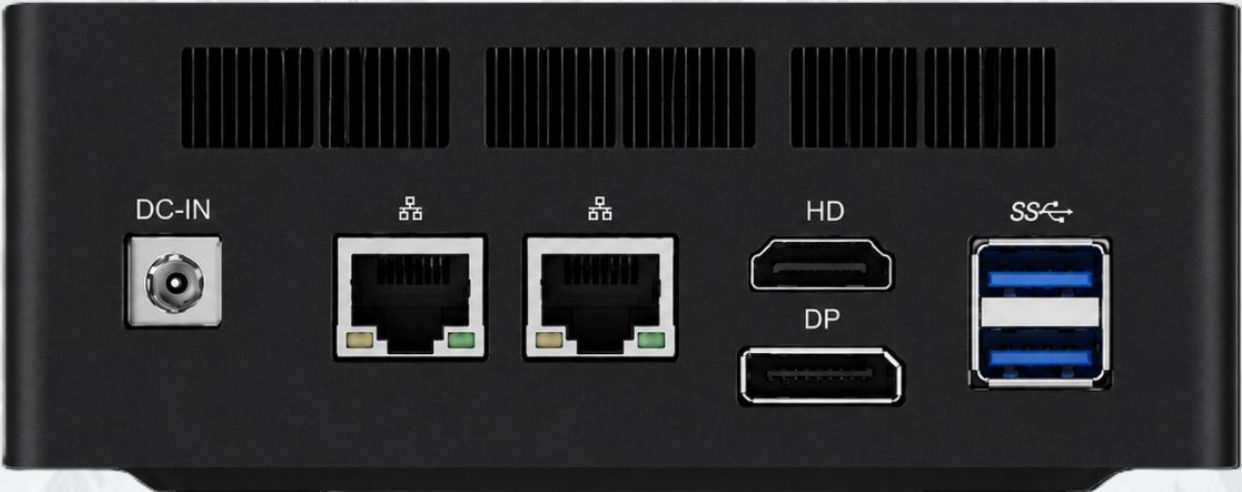

Easy to Manage

Stable & Reliable

Eco Friendly

Maintenance Free

Product Details

Category	Type	Description
Processor	CPU	AMD Ryzen™ AI 7 PRO 360 AMD Ryzen™ AI 9 H 365 AMD Ryzen™ AI 9 HX 370
	Cores / Threads	8/16 10/20 12/24
	Base Frequency	2.0 GHz
	Max Frequency	5.0 GHz
	Smart Cache	16MB 24MB 24MB
	GPU	AMD Radeon™ 880M / Radeon™ 890M (OCuLink supports external GPU (eGPU) docking stations)
	NPU	Up to 86 TOPS AI Performance
	Memory (RAM)	Dual-channel DDR5, expandable up to 64GB (2 × 32GB)
	Storage (SSD)	Dual M.2 2280 PCIe Gen4 x4 NVMe SSD slots
	Wireless Connectivity	Wi-Fi 7 + Bluetooth® 5.4
	Display Output	HDMI 2.1 + DisplayPort 2.1 + USB4 Type-C (40Gbps) supports up to 3 simultaneous displays
	LAN	Dual Intel® I226-V 2.5 Gigabit Ethernet ports
	USB Ports	3 × USB 3.0, 1 × USB 2.0, 1 × USB4 Type-C (40Gbps)
	Cooling System	All-copper turbo fan for efficient heat dissipation
	VESA Mount	Supported
	Operating System Support	Windows 10 / 11, Windows Server 2012 / 2016, Linux, CentOS, Ubuntu
	Dimension	130mm (L) × 132mm (W) × 54mm (H)
	Power Supply	Input: 100–240V AC, Output: 19V DC
