

The Ultimate
AI PC SOLUTION
WITH AMAZING PERFORMANCE
ON GREEN TECHNOLOGY REVOLUTION

SMARTSTATION MINI PC BENEFITS

AI PC has many advantage over the desktop computer and laptop and hence should be he choice if you are planning to buy a new PC or replace your old PC

SIZE: AI PC takes up very less space of your office desk. You can also fix it behind Monitor screen hence it will not take any space at all. You can use work space much more efficiency.

Min PC are small, lightweight and very easy to carry.

Economic Cost: Every business and startups want to use their budget effectively. It is not only less price but it can save other expenses like electricity bills, IT maintenance cost ETC... AI PC are the best money saving devices one should use for the operation.

Green Computing: AI PC consume very less unit of power and hence saves electricity and unnecessary expenses helping you in cost cutting the average power.

Maintenance: Most the AI PC are very well designed and consume less energy and they do not face much of overheating problem.

Protection from dust and dirt: AI PC have everything is on board and permanently fixed on the motherboard itself and hence it is safe from the dust and dirt.

Very Low Cost

Ultra Low Power

Better Performance

Secure

Power Saver

Easy to Manage

Stable & Reliable

Eco Friendly

Maintenance Free

Product Details

Category	Type	Description
Processor	CPU	Intel Alder Lake-N Processor N200 / N300 / N305 Intel Twin Lake Processor N250
	GPU	Intel UHD Graphics (Alder Lake processor) Intel Graphics (Twin Lake processor)
	Memory	1 × SODIMM DDR5 Max 16GB
	Front Panel External	1 × Power Button
		6 × USB 3.0
		1 × MIC IN
		2 × RJ45 2.5 Gigabit LAN port
		4 × RJ45 Gigabit LAN port
		1 × HDMI 2.0 1 × HDMI-E 1 × DP1.4
		1 × Phoenix connector (12V~36V DC input)
		6 pcs RS-232/485/422
		RS232/485/422 by BIOS setting
		Support 5V/12V by jumper
	Display Port	DP1.4a + HDMI 2.0b + HDMI-E (Max support 4K@60Hz)
	Wireless	1 × M.2 Key E+A for WiFi/BT
	Onboard Connector	2 × M.2 B key for 2×4G/5G 1 × M.2 port for Dual CAN Bus
	Storage	1 × M.2 2280 SATA/NVME SSD
		1 × 2.5" HDD/SSD
	LAN	4 × 1Gb LAN (Realtek 8111) 2 × 2.5Gb LAN (Intel I226V)
	Construction	Metal
	Chassis Color	Black
Physical Parameters	Dimensions	185mm (L) × 128mm (W) × 65mm (D)

	Mounting	VESA Mount (support 70/70/100mm)
	Power	Input: 100~240V AC Output: 12V~36V DC INPUT
	Weight	2.0KG
	Operating Temperature	-20°C ~ 55°C with airflow
	Relative Humidity	5%~90% @45°C (non-condensing)
